Subject: public comment deadline

Mr. Bobby Johnson, Apparently the deadline for making public comment about Negotiated Rulemaking for IDAPA 20.07.02 (Conservation of Oil & Natural Gas in the State of Idaho) is on July 22, which is the date of the last meeting. If this is correct, I hereby request that you extend the comment period by a minimum of 2 weeks. There is not time to submit comments on the last portion of negotiations when the deadline is the same day. Please provide the public with an opportunity to comment on the final meeting. Much of the community is unaware that negotiated rule-making for private lands is currently happening and many are vacationing, as it is summer. The additional time is imperative to properly digest and respond to the O&G rule making process. Thank You, Daniel Fell, LCSW 1225 S Euclid Ave Boise, ID 83706
